

Hygiene Kits

Thank you for considering a donation of hygiene kits! They are so helpful to our homeless guests and Jobs Van participants.

We can use hygiene kits for both men and women.

Helpful items to include in the kits:

- travel sized wet wipes
- hot hands hand warmers
- a granola bar or protein bar
- bottled water
- travel sized toothpaste
- tooth brush
- If you are making hygiene kits for women, please include feminine hygiene products.

The kits don't have to include all of these things, but these are the kinds of things we've found are helpful. We've found that offering these kits in a nylon drawstring bag is very helpful. If you or your group has the resources to purchase drawstring bags, that's great. The kits can also be packed in gallon size Ziplock bags if you prefer.

Please drop off your hygiene kit donations at our shelter:
